ACADEMIC STANDARDS AND CALENDAR COMMITTEE
REPORT #1990-91-6

CHANGES IN CHAPTER 8 OF THE UNIVERSITY MANUAL

8.19.15

Recommendation: That section 8.19.15 of the UNIVERSITY MANUAL be amended to read as proposed:

Existing

Proposed

8.19.15 At the end of each semester the dean will review the academic records of all nonmatriculating students for whom he or she is responsible. Previously dismissed students and students who applied for but did not meet regular admissions requirements may enroll for no more than two semesters provided that they earn a 2.00 QPA in each of these semesters. At the end of the two semesters, they must either apply and be admitted or readmitted as matriculating students or successfully petition to the dean and the Scholastic Standing Committee of the college to which readmission is being sought for an exception to the two semester limitation. Further registration for these students will otherwise be blocked by the Registrar on the recommendation of the dean. The failure of other nonmatriculating students to meet the standards of the University for satisfactory progress (usually a 2.00 average) may result in their being denied future enrollment. Nonmatriculating students making satisfactory progress will be encouraged to become matriculating whenever appropriate.

8.19.15 At the end of each semester the dean will review the academic records of all nonmatriculating students for whom he or she is responsible. Nonmatriculating students must earn a 2.00 QPA in each semester. Further registration for students who do not achieve this level may be denied by the Registrar on the recommendation of the dean. The dean will invite nonmatriculating students who are making satisfactory progress to become matriculating by admission or readmission as appropriate.

Rationale: The proposed change eliminates back-door admission, and reflects current practice.
